

# THOMPSON MANAGEMENT CONSULTING, LLC

9<sup>th</sup> Annual Entrepreneurship and Small Business Summit  
ESBS 2023

Virtual Webinar – BUILDING THE BLACK ECONOMY  
Thursday - August 10, 2023 and August 31, 2023

## FOR IMMEDIATE RELEASE:

Thompson Management Consulting, LLC continues its 9<sup>th</sup> Annual Entrepreneurship and Small Business Summit (ESBS2023) with a virtual 2-part discussion on **Building the Black Economy**, as we celebrate National Black Business Month. In part 1, we discuss the impact chambers are making on growing black businesses and creating success for the companies registered with each chamber. Three of the four esteemed chambers in our Part 1 discussion represent several international communities:

- [The Liberian Chamber of Commerce in America](#) – Its work with Liberian business owners and the Liberian community.
- [The Jamaican Chamber of Commerce of Atlanta](#) – Its work with Jamaican business owners and the Jamaican community.
- [The Haitian-American Chamber of Commerce](#) – Its work with Haitian business owners and the Haitian community.
- [The Atlanta Black Chambers](#) – Its work with black business owners and growing wealth among black entrepreneurs.

This discussion is scheduled for Thursday, August 10, 2023, 6:00 – 8:00 PM on Zoom and moderated by Rhonda Solomon.

For part 2 of the discussion, we continue the conversation of building the black economy with the following esteemed organizations:

- [The Freedom Georgia Initiative \(FGI\)](#)
- [The New Black Wall Street Market \(NBWSM\)](#)
- [The Russell Innovation Center for Entrepreneurship \(RICE\)](#)
- [Nvestfit](#)
- [The Team Hamm Real Estate Group](#)

These conversations will focus on collaborations and partnerships for the building of black wealth, much like the Freedom Georgia Initiative and what was attempted in Greenwood, Tulsa, Oklahoma and in other prominent black communities, the impact being made by these organizations on closing the wealth gap, and so much more. We are looking forward to having the participation of a black bank representative and representation from an African financial institution to discuss the African Continental Free Trade Area ([AfCFTA](#)), the possibility of direct bi-lateral trade between Africa and the African-American community (i.e., goods, services, business exchanges and best practices, etc.), and foreign direct investment (FDI).

This discussion is scheduled for Thursday, August 31, 2023, 6:00 – 8:00 PM on Zoom and moderated by Austin Thompson.
